A similar program for the upstate institutions is planned in co-operation with the State University Medical School at Syracuse.

ALFRED C. KINSEY IS DEAD AT 62

Alfred C. Kinsey, Sc.D., whose work on sexual behavior created a storm of controversy in psychiatric circles over the last eight years, died in Bloomington, Ill., August 25, 1956. Dr. Kinsey was a zoologist and research worker. His two controversial volumes were *Sexual Behavior in the Human Male*, published in 1948, and *Sexual Behavior in the Human Female*, brought out in 1953. He had been ill for some months and had suspended active work on several new research projects when he succumbed to the effects of a heart ailment and pneumonia.

V. A. HOSPITAL ANNOUNCES RESIDENCIES

The Veterans Administration hospital at Lyons, New Jersey, has announced that residencies in psychiatry for one- to three-year periods are now available. The hospital's training program is under the direction of New York Medical College.
